

Notice No.45 Issued 27/10/2011

## **THANET OFFSHORE WIND FARM - Notice to Mariners No.45**

Please be advised that Red7Marine Ltd on behalf of Vattenfall, will undertake Intertidal Export Cable burial works including diving within the project area of Pegwell Bay as defined below.

The TOW is located approximately 12 km off Foreness Point, the most eastern part of Kent. The site consists of 100 Vestas V90 wind turbines which cover an area of approximately 35km<sup>2</sup>. The Northern export cable intertidal joint area is located in Pegwell Bay approximately 0.5km off the coast of Ramsgate.

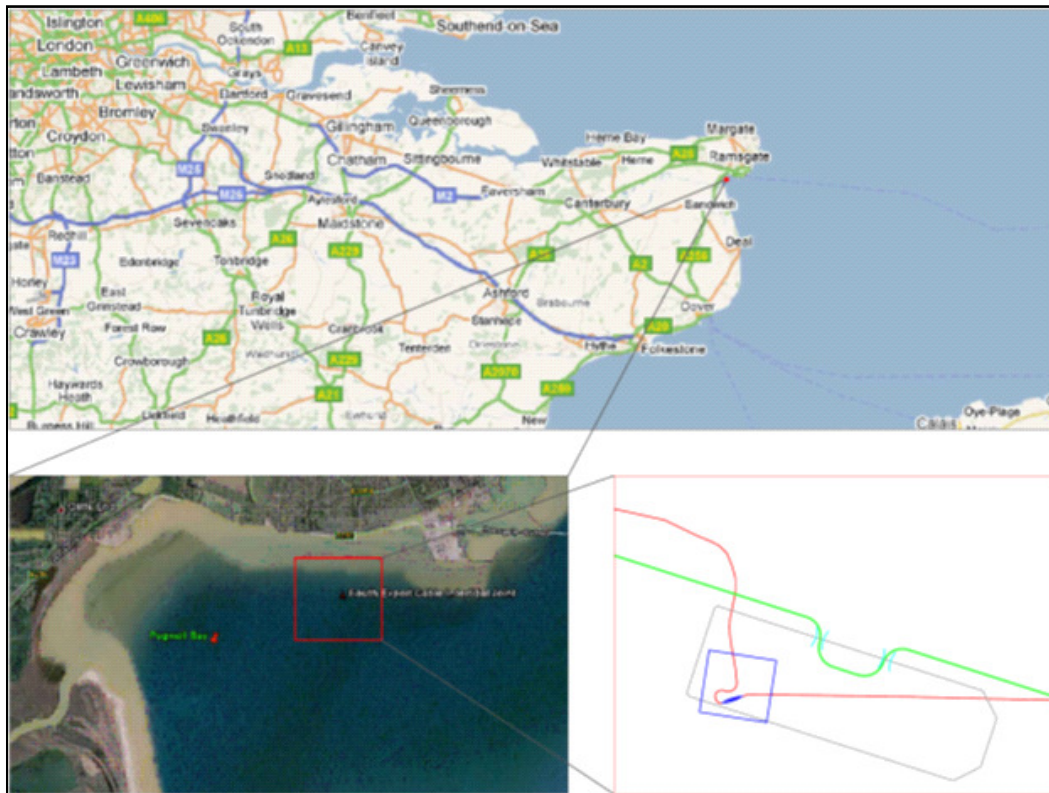

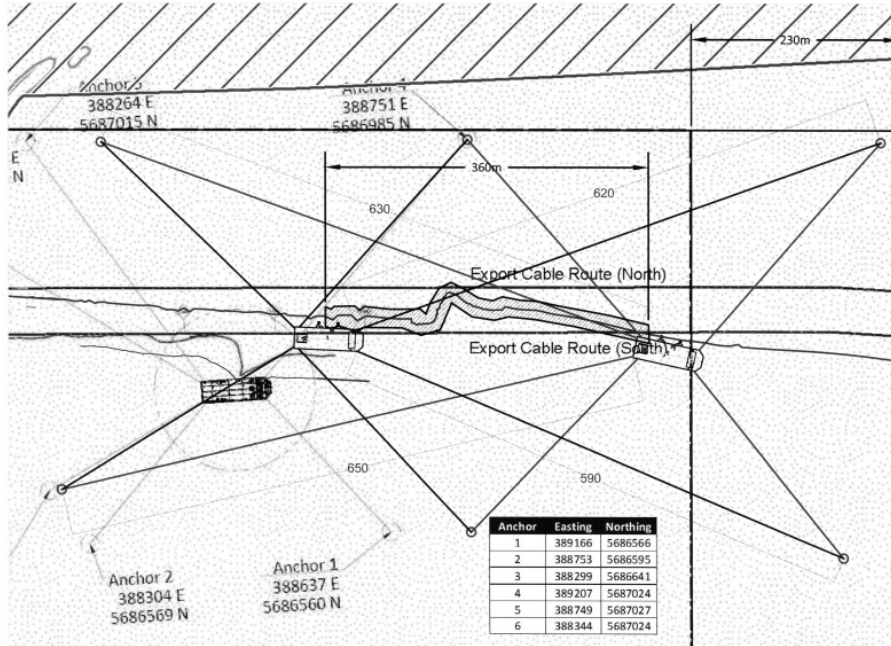

Further notices will be issued as other events occur or major vessels are mobilised to site with a description of their work.

### **Barge Anchor Point Coordinates**
